TRIVIA

HOW TO PLAY: Trivia 2022 begins at 6:00 PM Friday, April 8th and runs through midnight Sunday, April 10th. The announcers on WWSP-90FM will ask 8 questions per hour. During the musical breaks, teams should call the Trivia phone number found at the front of this book and immediately give your team's ID number, and ask to have it repeated back. Then give the operator your answer. The operator will then thank you and hang up. You are allowed one call per team per question. Questions will deal with any facts which the Trivia "OZ" determines to be Trivia.

THE OBJECT OF THE GAME: To amass the greatest number of points by answering questions correctly. Each question is worth between 5 and 500 hundred points, determined by the number of teams getting the correct answer. The team with the highest point total at the end of the contest is the winner.

A complaint line will be opened after 9:30 PM April 8th. Questions, unless specified at the beginning of an hour, will have a 2 song time limit in which to answer. The singing questions will continue for a third song, and the last question will be one song in length. The music snippet questions will be played three times while each is active. Please dial carefully, especially during the night. Remember to return all borrowed books to libraries as soon as possible after the contest. This is Trivia like it is played nowhere else. This is the biggest and best, so pull out all the stops and let's play some TRIVIA.....

RULES

1. Anyone can enter, either alone or with a team. Registration must be done in person at the 90FM studios, Monday, April 4th through Thursday, April 11th - 3:00 PM until 7:00 PM, and Friday April 8th from noon until 6:00PM. Team names are limited to 36 characters including spaces and are to be in relatively good taste. Only one team will be accepted per telephone number. Teams playing from motels need to include their room number.
2. When you call with an answer, give your ID number, ask for it to be repeated. Give your answer clearly. Please hang up after the operator ends the call. It is the teams responsibility to make sure the operator has your correct ID number.
3. Disqualifications may occur if you exhibit unsportsmanlike conduct. Each team must use the phone number provided.
4. Only one answer per call will be accepted.
5. Cheating, including collaboration, will not be tolerated, after all, it is only a game. We will strive to maintain the integrity of the contest, and will remove any team that attempts to infringe on the rights of players to participate in an honest contest.
6. Multiple calls per question are not allowed and may end with zero points for that question.
7. The complaint line is for the purpose of discussing the validity and accuracy of a question/answer. You must have two tangible sources to challenge a question. The line will be closed between midnight Saturday and 4:00 A.M. Sunday. If you have a problem with your score and how it compares with ours, remember, our total is correct.
8. Point values for questions will be read immediately after Trivia Focus with a 1 hour delay. For example, the values for questions in hour 1 will be read at the beginning of hour 3.
9. Questions which are asked about actors will require their stage or performing names, unless otherwise specified.
10. **All rules are subject to change at the discretion of the OZ.**
11. New Trivia Times pictures do not need to be reposted as they will be on the Trivia website.

MUSIC QUESTION 2

During the course of the contest, there will be three music questions. You may want to record the questions when they are played. The music questions are snippets of eight songs and each will be played 3 times. You should use this form to write the song titles in the order they are played. Each of the songs is equivalent to a question, and points will be awarded accordingly. This form is to be turned in to the 90FM studios from 8:00 - 8:45 PM Saturday.

RUNNING QUESTIONS

There will be two running questions during the contest. Teams may send as many or few representatives to the locations of the reward challenges. They can get there any way they want, however, teams must get the answers to the reward challenges on foot. We emphasize no wheels allowed during the reward challenges. Use of wheels will prevent a team from getting the points for that question. We also encourage each team to follow all traffic laws to and from each question. Because of the large amount of foot traffic, extra caution is also encouraged. Members should have the **team ID** number so they can receive their points. There will always be enough time allotted to answer the questions. Remember, the trio of OZ, Eck and DAC do these on foot in 45 minutes.

Team players should bring some type of measuring device, a pencil, and perhaps jogging clothes on both mornings.

The first running question begins at 7:00 AM Saturday. Team representatives should meet in the parking lot in front of the big parking lot on Main Street, beautiful downtown Stevens Point. Let's all meet at the part of the lot closest to Main Street. We'll be there, late as usual.

The second running question begins 7:00 AM Sunday. Team representatives should meet in the parking lot outside District 1 Brewing, The Olympic Restaurant. Expect us to be late, as usual, unless something amazing happens.

See you there.....

It's time for the chaos to ensue after a few years of different iterations of Trivia, and we are proud to bring you Trivia 52: The Stacked Deck! We are thankful that we have remained safe through the pandemic at this station, and we still uphold the same importance of the safety of our staff, our students, and our community. I can't describe to you the electricity that is felt amongst the community and students at 90FM.

90FM has had countless events over this academic year including Wisconsin Weekend in September where we showcased Wisconsin artists with hours upon hours of programming, JazzFest in October, and our yearly fundraiser, Radiothon, in December. College Radio Day was a success with shows from a handful of Wisconsin artists and a time for us to highlight how important college radio is in today's media industry. Our Tribute Day this year was to Jimi Hendrix in February. March brought us 90FM's celebration of International Women's Day, and we can't wait to bring you BeatlesFest in May! We have had a successful year at 90FM, and this staff couldn't be more excited to bring you this contest. We have been working tirelessly, hour in and hour out, to assure we are bringing you the best we've got.

90FM could not exist without the support of the University of Wisconsin – Stevens Point, Friends of 90FM, and our community – local to Central Wisconsin and worldwide. With the continuous aid of this trifecta of supporters, 90FM will continue to exist for the foreseeable future and remain as one of the most integral student organizations on our campus. There is no place like 90FM to create friendships, learn student media, and be able to work with such incredible people who share the same love that you do: college radio.

I want to thank this Executive Staff for the work they have put into not only this contest, but this year. I want to thank our Faculty Advisor, Steve Suehring, for helping educate our staff on the world of media and broadcasting and remaining an integral part of our student organization. And finally, I and 90FM would like to thank Jim "The Oz" Oliva for the tireless work he has put into his legacy over his many years as our Trivia Coordinator. Words can't describe the impact you have had on this station, and we hope that we can make your last contest the best one!

I couldn't be prouder to be a part of WWSP 90FM and its legacy.

Without further ado, in the words of The Oz himself, "Let's play Trivia, Fast Eddie..."

Take care and stay safe this weekend.

TRIVIA STONE RULES

The Trivia Stone is a test of trivia teams for accuracy and endurance. Throughout the contest, we will read clues to the Stone. You will be expected to remember those clues and use them to track down the stamps that will get your team trivia points. You must present the inside front cover of the New Trivia Times copy which includes your ID number in order to get your Trivia Stone Stamp. **NO STAMPS WILL BE GIVEN WITHOUT YOUR ORIGINAL COPY OF THE NEW TRIVIA TIMES.** While following the various instructions, remember this: at no time will you be instructed to violate any laws or ordinances. If you find yourself breaking the law, you made a mistake. Under no circumstances are you to use any type of artificial light source at night except for your headlights. Do not use any other beams, you may be arrested for disturbing the peace. The scoring is as follows; one stamp gets 50 points, two stamps gets 150 points, three stamps gets 300 points. Stamps will be redeemed for points at the 90FM studios beginning Sunday at 6:30 PM. We will accept stamps for one hour, until 7:30 PM. Do not bring them before 6:30. Trivia Stone clues will not be elaborated upon or repeated. They are what they are. If you get to a Roundabout, you made a mistake.

If you look at your registration sticker, you will notice a letter, A or B. This is the group for your clues. Clues will be read on the air at different times. Please make sure that you are recording the correct clue. If you get the wrong stamp on your copy of the New Trivia Times, you will not receive the points. Again, there will be two sets of clues running in different areas. The stamps will be coded to match your Stone Code. The stone clue schedule is posted on the internet. Here are your starting points:

Stone Code A begins in front of the 90FM studios on Reserve Street facing North.

Stone Code B begins next to the Sky Club, on Roosevelt Drive, facing East.

Pickup Times are as follows: Find all on the internet at 90fmtrivia.org

Group A 3:15am Saturday, 4:15am and 4:15pm Sunday

Group B 4:15am Saturday, 5:15am and 5:15pm Sunday

Good Luck and remember, watch for construction, drive safely . . .

Real Rewards Checking is available for consumer deposits only. Annual Percentage Yield ("APY") is accurate as of 3/1/2021. Real Rewards Checking is a variable rate account. Your APY may change at any time after your account is opened, at the discretion of Nicolet National Bank. This is a tiered rate product. If qualifications are met for the qualification cycle, Tier 1: The portion of your balance that is equal to or less than \$10,000 will earn 3.00% APY. Tier 2: Interest rate of 0.01% will be paid on the portion of your balance that exceeds \$10,000. The APY for Tier 2 will range from 0.26% to 3.00%, depending on the balance in your account. If qualifications are not met for the qualification cycle, 0.01% APY applies to the entire balance. You must enroll in online banking and e-statements in order to qualify. Transactions required each qualification cycle: At least ten posted and cleared debit card transactions (ATM-processed transactions do not count as qualifying debit card transactions), and at least one posted and cleared direct deposit of payroll or social security. Fees and withdrawals of interest will reduce earnings and APY. All Nicolet National Bank checking accounts are subject to credit approval. Additional terms and conditions apply. See Nicoletbank.com for details. Member FDIC.

MUSIC QUESTION 1

During the course of the contest, there will be three music questions. You may want to record the questions when they are played. The music questions are snippets of eight songs and each will be played 3 times. You should use this form to write the song titles in the order they are played. Each of the songs is equivalent to a question, and points will be awarded accordingly. This form is to be turned in to the 90FM studios from 11:00 - 11:45 AM Saturday.

Trivia Philosophy

Here it is, a few weeks before the contest and it's not a stacked deck, we deal straight from the bottom! I must say this is a bitter sweet contest, after 43 years, it's time to hang it up. Every year, I talk to some 30, 40, 50, 60, 70 something who tells me they are too old to play. I just smile, because I'm older than any of them. Who would have thought that this 14 year old kid from Chicago who wanted to meet Dick Biondi would be lucky enough to land in Stevens Point and be allowed to write this great contest for all these years! I did meet Dick Biondi, he was a great friend throughout high school. To say that I'm fortunate to have been on the idiot end of this contest for 43 years is an understatement. To every person who has played this contest, to every person who has sworn at me, to every person who has stopped and talked to me, to all the complaint line callers, to the wonderful phone operators, to the computer operators, to Rotation Slim, Eck and I thank you. John Eckendorf is unsung in this, he likes to keep a low key, but he has been amazing over the past 33 years. I'm positive that I'm leaving this in the more than qualified hands of DAC. He is a good guy. The answer to hour forty-nine, question four is Sting. I have had more than my share of fun, just being on the radio. Now get ready to play in this wonderful contest held on the best damned radio station in the world, 90FM. I'm sure getting sappy in this, but don't be fooled, we're going to serve up what will not be considered sappy. You know why? Because we were all born to be wild and this is the time to boil it over, pull out the stops, jack it up to high gear, we are all so much like that Freebird, just Born to Be Wild. Get around that radio, tune to the bottom of the dial and let's play Trivia, Fast Eddie.....

STEVENS POINT, WI

In Loving Memory of

Sally Skowronski

Born to life - December 16th 1958

Born to Eternal Life - January 29th 2022

Afterglow

I'd like the memory of me to be a happy one

I'd like to leave an afterglow of smiles when life is done

I'd like to leave an echo whispering softly down the ways

Of happy times and laughing times and bright sunny days

I'd like the tears of those who grieve to dry before the sun

Of happy memories that I leave behind when day is done

You will live in our hearts forever, until we meet again...
